

FUEL YOUR BUSINESS WITH HIGH QUALITY PROTEINS

TOP QUALITY PROTEINS

Our protein products are [top-quality](#) and guaranteed to satisfy your clients' needs.

With a variety of options to choose from, including whey, soy, and pea protein, we have something to fit every dietary preference.

Our products are carefully sourced and rigorously tested for purity and potency, ensuring that your clients are getting only the best.

Don't settle for less – choose our protein products for a healthier, happier clientele.

WHAT SETS US APART

Our protein products offer faster absorption providing a superior nutritional experience. They are easily digested, providing improved muscle recovery and energy for workouts or daily tasks.

Our products are made from the highest-quality ingredients, ensuring that your customers get the best possible nutrition

We offer customizable white-labeling options for our products.

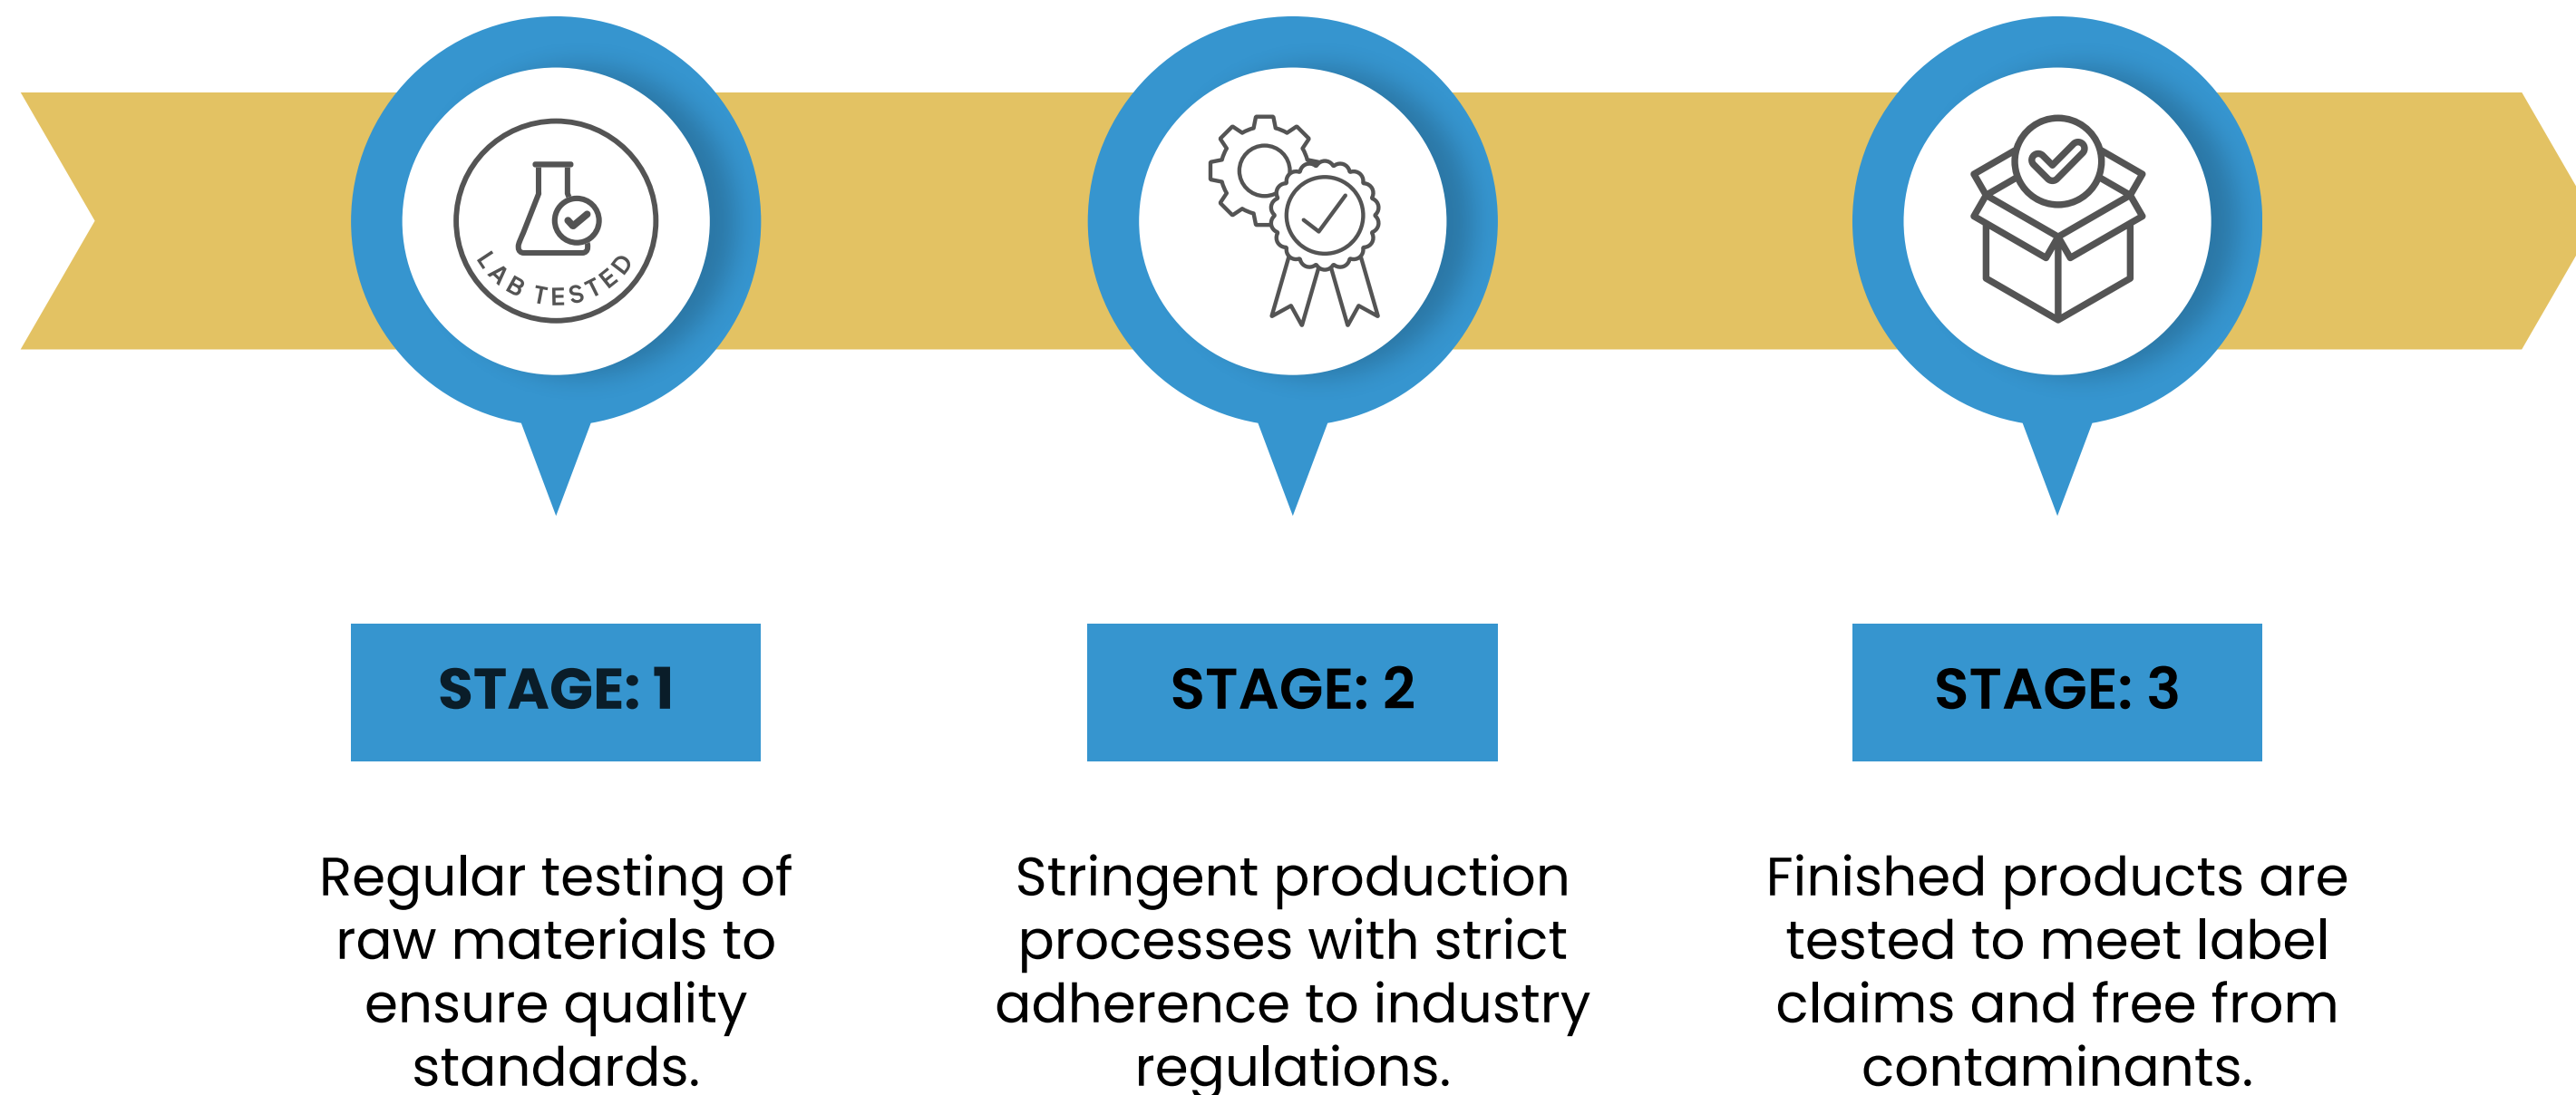

THE IMPORTANCE OF PROTEINS IN EVERY DIET

Protein is essential for building and repairing tissues, boosting metabolism, and supporting immune function.

Offer your clients a variety of protein-rich foods including lean meats, fish, beans, and dairy products.

OUR QUALITY CONTROL MEASURES

OUR RANGE OF PRODUCTS

Whey protein powder and plant-based protein powder for muscle growth.

We also produce BCAA / EAA / PWO, SUPER FOODS, FRUIT POWDERS

Collagen peptides for healthy skin and joints.

KEY INGREDIENTS

Rice, pea, and soy are all hypoallergenic protein sources, making them a great choice for those with food sensitivities.

Collagen is a popular ingredient in many beauty supplements, but this vegan version is ideal for those who prefer a plant-based lifestyle.

When combined, these ingredients can create a well-rounded protein blend that provides all the essential amino acids the body needs.

BENEFITS OF PARTNERING WITH US

By offering our white label **protein** products, you can provide your customers with **high-quality**, affordable supplements that will help increase your profit margins. You can set your business apart from the competition and attract customers who are looking for **quality** and **value**. Our customer support team is always available to answer any questions you may have and provide **support** as needed.

NEXT STEPS

1. Choose the **protein products** you want to sell
2. **Customize** the packaging with your own branding
3. Start promoting your new line of **gluten-free products** to your customers

With this mix you can bake a classic muffin with a rich chocolate flavour. Other ingredients can be added to give an extra touch. Many people appreciate the alternative with coffee or the one with extra chocolate pieces in it. You can bake the mix in a cake form too, of course.

Ingredients

Sweeteners (maltitol), whey protein concentrate (milk), casein protein (milk), egg powder, coconut fat powder (milk), cocoa 8.5%, modified potato starch, baking powder (E450 Corn starch E500), vanilla flavour.

Nutritional Values pro 100g

Energy 1562 KJ/372 kcal, Fat 13,6g, saturated 9,9g, Carbohydrates 45,7g, sugar 1,8g, Protein 33,0g, Salt 0,7g

Muffins are good to eat and with this mix you can bake a sugar-free muffin, rich in protein. The muffins are soft and fluffy and have a light vanilla taste. The mix can be adjusted in taste and design for different target groups. We have classic flavors like apple & cinnamon, chocolate chip cookie, various berries, lemon and others.

Ingredients

Sweeteners (Inulin), whey protein concentrate (milk), casein protein (milk), egg powder, coconut fat powder (milk), cocoa 8.5%, modified potato starch, baking powder (E450 Corn starch E500), Vanilla flavour.

Nutritional Values pro 100g

Energy 1562 KJ/372 kcal, Fat 13,6g, saturated 9,9g, Carbohydrates 45,7g, sugar 1,8g, Protein 33,0g, Salt 0,7g

The brownies that you get out of this mix have a characteristic taste of chocolate. You just add water. They are rich in protein and, when you bake, you can choose between cakey, fudgy, or chewy texture.

Ingredients

Protein mix (casein and whey milk), sweetener maltitol, coconut fat (milk), cocoa, gluten-free oatmeal, vanilla, salt, aroma.

Nutritional Values pro 100g

Energy 1401kJ/390kcal, Fat 17,1 g, saturated fat 15,4
Carbohydrates 45,2g, sugar 1,7g, Protein 30,3g, Salt 1,2g

Gluten-free protein bread is not easy to make but we have a mix that does it for you. You add water then bake, and the bread is rich in fiber and seeds with good chewing resistance.

Ingredients

Sunflower seeds, flax seeds, oatmeal, corn fiber, whey protein, concentrate (milk), egg powder, casein protein (milk), psyllium, thickening agent (guar cereal flour, xanthan gum), salt, baking powder (E450, E500), cornstarch..

Nutritional Values pro 100g

Energy 1701kJ/431kcal, Fat 26,3g of which saturated fat 3,9g, carbohydrates 14,1 g of which sugars 1,6g , fiber 16,1g, protein 30g, Salt 1.9g

This mix is perfect for making thin pancakes but also works for classic American pancakes. The basic product is neutral, but you can choose from many different flavours such as chocolate chip cookie, apple & cinnamon, various berries and others.

Ingredients

Gluten-free wheat starch protein mix (casein and whey (milk), egg powder, milk powder, gluten free oatmeal, baking powder (E450, E500, corn starch), thickeners (guar gum).

Nutritional Values pro 100g

Energy 1513kJ / 403kcal, fat 10.8g of which saturated fat 4.1g , carbohydrates 37.5g - of which sugars 9.2g , fiber 0.8g , protein 39.8g, Salt 1.2g

This is a mix for classic American pancakes. It is sweeter in taste than the Thin Protein pancake and is mixed with water, milk or plant milk. Like the Thin pancake, the basic product is neutral, but you can choose the flavour - chocolate chip cookie, apple & cinnamon, various berries and others.

Ingredients

Whey protein concentrate, gluten-free wheat starch, egg powder, milk powder, thickeners (guar gum, xantangum), baking powder (E450, E500, corn starch), salt.

Nutritional Values pro 100g

Energy 1605kJ / 379kcal, fat 6,3g of which saturated fat 2,9g , carbohydrates 40,6g - of which sugars 5,4g , fiber 3,7g , protein 40,5g, Salt 1.7g

A mix for a gluten-free porridge made from semolina. We have blended coconut and whey proteins to give a good, balanced taste. You add water to the mix and then heat in a microwave oven. The flavor is neutral, apple & cinnamon or fruit & seeds.

Ingredients

Oat flakes, whey protein concentrate, coconut flour, skim milk powder, sweetener (maltitol)

Nutritional Values pro 100g

Energy 1526kJ | 362kcal, fat 6,9g of which saturated fat 3,2g, carbohydrates 42,7g - of which sugars 12,4g , fiber 10,1g, protein 31g, Salt 0,6g

Oatmeal is something that is appreciated by many for its good taste and healthy profile. In this mix, we have made the porridge especially protein-rich. It is easily cooked in a microwave oven or on the cooker, and various flavors are available.

Ingredients

Oat flakes, pea protein, oat flour, sunflower seed, flax seed, buckwheat, psyllium husk

Nutritional Values pro 100g

Energy 1680kJ | 399kcal, fat 11,7g of which saturated fat 1,6g carbohydrates 42,6g - of which sugars 0,8g, fiber 5,7g, protein 30,1g, Salt 0,8g

Our mix for protein-rich overnight oats is a vegan product and the protein source is pea. The mix is easily blended with oat milk, water, milk or herbal drinks and can be flavored by adding seeds like fruit or berries.

Ingredients

Oat flakes, pea protein, flax seed, sunflower seed, chia seed, pumpkin seed, apple, cinnamon

Nutritional Values pro 100g

Energy 1671kJ/ 398kcal, fat 13,4g of which saturated fat 1,99, carbohydrates 39,6g of which sugars 3,3g, fiber 8,2g, protein 27g, Salt 0,6g

This mix for a gluten-free pizza base with plenty of protein is designed to suit those who eat vegan. The protein source is pea and you just combine the mix with water and then add your chosen topping before baking.

Ingredients

Corn starch, pea protein, corn fiber, rice protein, psyllium husk, guar gum, baking soda (E450, E500), aroma

Nutritional Values pro 100g

Energy 1338kJ /317kcal, fat 3,1g of which saturated fat 0,8g
,carbohydrates 37,4g - of which sugars 0,14, fiber 12,6g, protein 30,3g, Salt 1,6g
